Dear BSA Friends from all around the world,

it is our great pleasure, to invite you to another International BSA-meeting, of which we have experienced so, so many. If you look through your photographs from International Rallys during the 1970s, you may realize that you know some of the participants for half a century ! We made valuable friends during these rallies and learned so much about other countries and of the lifestyles of peoples from abroad.

The finest "weapons", they ever made in Birmingham, were those, that "shoot" wonderful sounds from their exhausts and propel people to meet other people. Especially in these times, it is most important to meet and eat and drink together and make new friends.

We promise to do our best to provide a good atmosphere and location to meet friends, relax and enjoy riding your BSA. We decided to invite you to a beautiful area in the southwest of "Lower Saxony". Find Osnabrück and Hannover on the map and we will be roughly half way in between. Accommodation for every type of holiday is available. The large marquee on the Campsite will be the center of information and a place to meet and relax.

We look forward to welcoming YOU !

If you wish to come earlier or stay longer, you are very welcome. The area is a popular holiday-destination. School holidays will already have finished by the time of our rally.

The countryside, where we meet is "flat". Almost no hills. Rich in green fields and small waters, situated on the edge of a protected moorland region.

The Dümmer See is loved by wind-surfers and there is a large nature reserve in the south-west, where many sorts of birds have their habitat.

The "Dümmer" is an artificial lake of no more than 1,40 meter depth (4.5 feet), but is 5 km (3.1 ml.) long, from north to south.
